

|| Client Service Commitment

In keeping with our strong commitment to ethical standards, Foster Swift attorneys and staff live by the Golden Rule: Treat others with respect and dignity. It may sound a little old-fashioned, but our attorneys and staff really do live by the Golden Rule. Foster Swift's clients appreciate the way they are treated as much as they value our legal skills. They often reward us with their loyalty, many staying with our firm for decades.

This service commitment is consistent with Our Mission: to provide comprehensive, result-oriented legal services to each and every client. And, it supports Our Core Values:

- **Integrity.** Upholding the moral and ethical principles of law and society.
- **Professionalism.** Treating people with respect, consideration and providing the highest level of client service.
- **Community.** Taking an active role in advancing the quality of the area in which we work and live.
- **Communication.** Creating mutual understanding.

The attorneys and staff at Foster Swift understand that there is more to being a great lawyer than producing great results and benefits for our clients; they understand that part of keeping clients satisfied is to stay open to new ideas. Or, as one of our most esteemed partners, Ted Swift, once put it, "...a good lawyer never stops learning."

Earning and maintaining the trust of loyal clients requires delivering consistently outstanding client service. This is exactly what we aim to do.

"...a good lawyer never stops learning."
